

MYQUBE
LIFTING ITALIAN INNOVATION

LA GAMMA PORTE
per impianti completi MyQube

2 ante automatiche apertura laterale

2 automatic panels side opening

esempio lamiera plastificata colore bianco opaco

Linee pulite ed essenziali.

ESEMPIO FINITURA IN ACCIAIO INOX

Elegante, si adatta a ogni ambiente. Anche quello domestico in caso di piattaforme elevatrici.

ESEMPIO FINITURA IN LAMIERA PLASTIFICATA COLORE GRIGIO CHIARO

porte automatiche in vetro

automatic glass doors

FULL GLASS

4 borchie in acciaio inox, bordo anteriore antiurto in metacrilato.

In caso di incastellatura metallica con tamponatura in vetro trasparente, le porte in vetro generano una luminosità ed un design di sicuro effetto.

PANORAMICA

Finitura in acciaio Inox.

© Possibilità di verniciatura colore RAL a scelta

2 ante automatiche apertura centrale 2 automatic panels central opening

esempio finitura acciaio specchiato "MIRROR"

L'effetto dato dall'acciaio inox "Mirror" è straordinario. La lucentezza dei riflessi specchiati, si adatta anche agli ambienti più eleganti, conferendo loro un design unico.
